OUR COMPANY

We manufacture

- **Automatic Plastic Scrap Washing Line.**
- **Plastic Scrap Dryer Machine.**
- **Plastic Scrap Double Dryer Hot Air Cyclone System.**
- **All type of Plastic Scrap Grinder Machine.**
- **Plastic Mixture Machine.**

***Our machines is suitable for HDPE, PP ARTICLE, LDPE, LLDPE, RAFFIA, FILMS PPCP & other floating grinding.**

***Our machines is successfully running in all over India, and in Dubai & Oman also.**

MACHINE PERFORMANCE

LLDPE film; 400kg/hr

LDPE Film/Glucose Bottle; 400kg/hr

HDPE Grinding/Drum/Dabba; 1000kg/hr-1200kg/hr

PP-Article : 1000kg/hr

RAFFIA : 300 KG/hr

UTILITY

Electricity : 36 HP (For basic Washing line)
20 HP (For Dust Remover)
80 HP (For Mixer &Grinder)

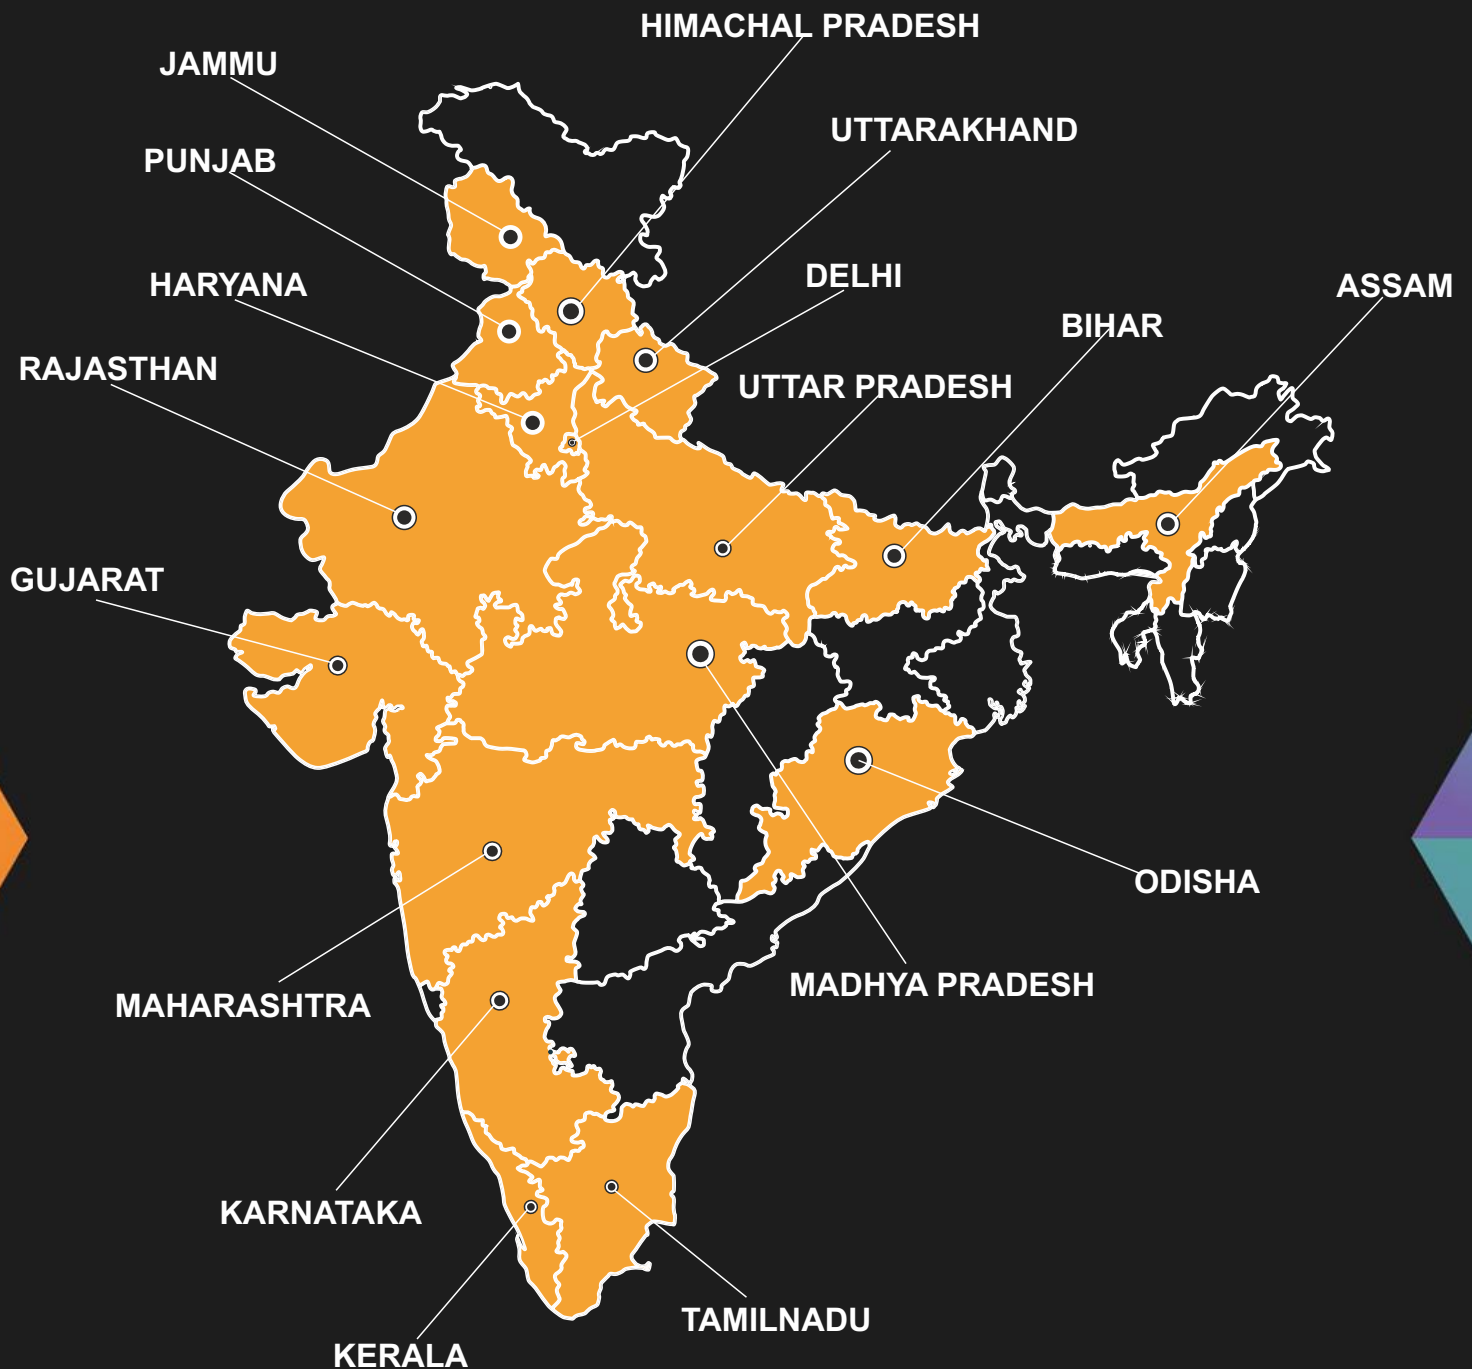

Machine Dimensions: 40 FT (L)*15 FT (W)*8 FT (H)

ALL Motor : 415 V/50 Hz/ 3 ph

Electricity for Additional Equipment • 36 HP- For additional dryer with hot air Blower System & Cyclone • 4 HP- For Automatic Baithan Sysytem • 3 HP- For Raw Material Loader (Screw Conveyor Type/Belt Conveyor Type)

CLIENTS ACROSS INDIA

OUR GLOBAL REACH

 **DUBAI**  **OMAN**

OUR PRODUCTS

1. SS Tank Pair
2. MS Tank Pair
3. Electric Panel
4. Dolly System
5. Dust Remover
6. SS Pushup Tray
7. SS Screw Conveyor
8. Plastic Scrap Dryer Machine
9. Plastic Washing Assembly
10. Plastic Scrap Mixture Machine
11. Plastic Scrap Grinding Machine (24")
12. SS Blades Assemble For Floater Tank
13. SS Pipe Screw Conveyor for Automatic Baithan System
14. Plastic Scrap Double Dryer Machine with Cyclone Hot Air Blowing System
15. MS Screw Conveyor/MS Belt Conveyor for Grinder to Tank
(Raw Maaterial Loader)

DUST REMOVER

Technical Details:

Made up of MS Square Bars/Sheet/Angel channel with MS pipe & Circle Hopper provision for plastic scrape and separate provision for Dirty dust storage with 20 HP Motor.

Price : Contact us for latest price.

MS SCREW CONVEYOR /MS BELT CONVEYOR FOR GRINDER TO TANK (RAW MATERIAL LOADER)

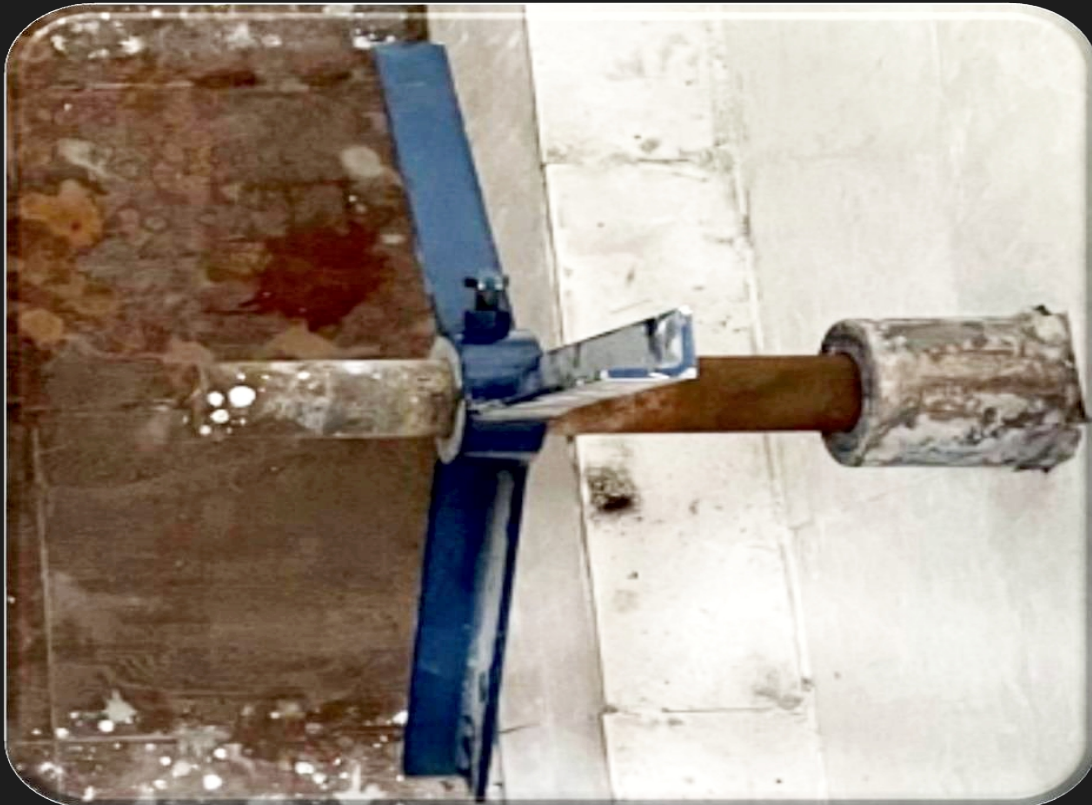

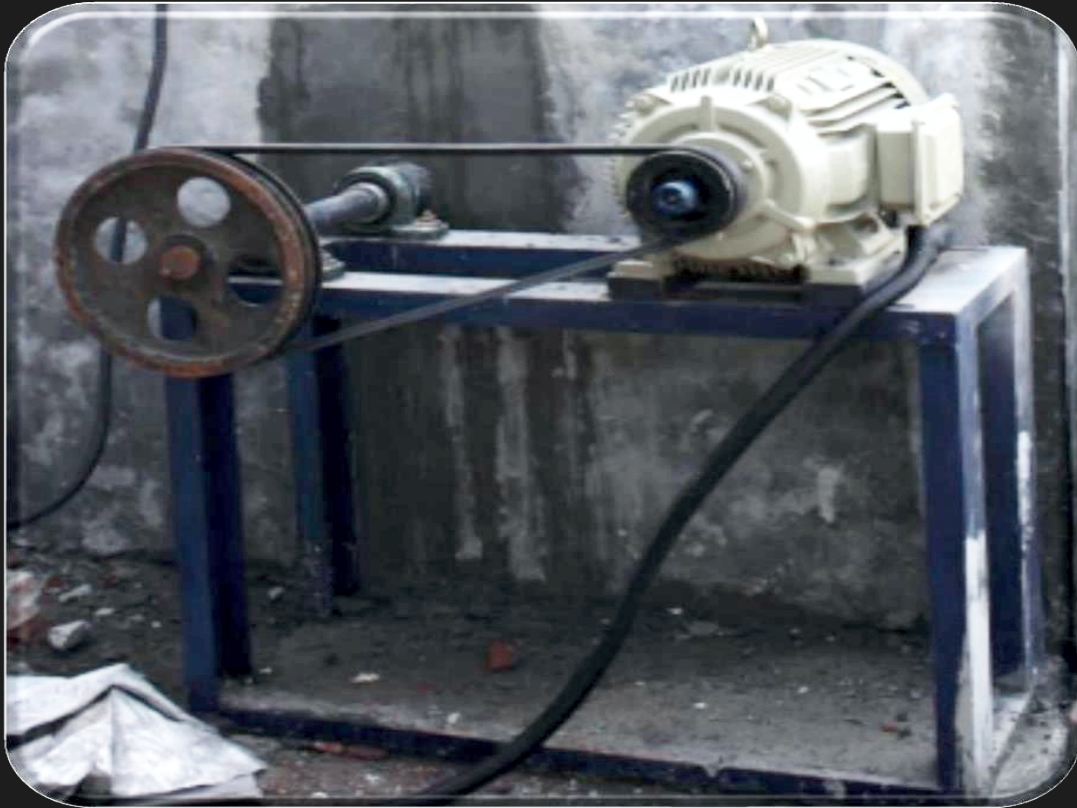

Technical Details:

Made up of MS Material length around 16'-0 with 3 HP Motor + Gear Box.

Price : Contact us for latest price.

PLASTIC WASHING ASSEMBLY

Technical Details:

Made up of MS Material, Teflon Role, Bearing and Pulley with 20Hp Motor 960 rpm.

Price : Contact us for latest price.

SS TANK PAIR

Technical Details:

Made up of SS and MS Sheet SS 2mm Sheet inside and 5mm MS Sheet outside.
Total 7mm Sheet with waterproof coating along with MS Angle & Channel.

Price : Contact us for latest price.

MS TANK PAIR

Technical Details:

1st Tank-6'x6'x6'_feet | 2nd Tank- 12'x5'x4'_feet Made up of MS 5mm thickness with MS Angle
& sheet with MS channel with waterproof paint coating.

Price : Contact us for latest price.

DOLLY SYSTEM

HDPE

LDPE

Technical Details:

Made up of MS and SS material with 17 bucket, rubber role with 2 HP Motor+ Gear Box

Price : Contact us for latest price.

SS BLADES FOR FLOATING TANK

HDPE

LDPE

Technical Details:

Made up of MS and SS material with SS net 5mm hole, with chain, Chain Spoket, Bearing with 2HP Motor + Gear Box

Price : Contact us for latest price.

SS PIPE SCREW CONVEYOR FOR AUTOMATIC BAITHAN SYSTEM

Technical Details:

Made up of SS and MS pipes with net material with (2HP Motor + GearBox) *2)

Price : Contact us for latest price.

SS PUSHUP TRAY

Technical Details:

Made up of SS Material and Customised as per plant requirement
(Installation can be done at site)

Price : Contact us for latest price.

SS SCREW CONVEYOR

Technical Details:

Made up of SS Material with SS pipe-2mm thickness SS Sheet, SS net 5mm hole,
Bearing. 2HP Motor+Gear Box

Price : Contact us for latest price.

PLASTIC SCRAP DRYER MACHINE

Technical Details:

Made up of MS & SS Material with 10 HP Motor

Price : Contact us for latest price.

PLASTIC SCRAP DOUBLE DRYER MACHINE WITH CYCLONE HOT AIR BLOWING SYSTEM

Technical Details:

SS Double Dryer Machine with MS U shape pipe curve 60' ft length with hot air cyclone system with 10 HP Blower with 13kw Heater box along with 1HP Blower

Price : Contact us for latest price.

ELECTRIC PANEL

Technical Details:

Complete electric pannel for automatic washing line with 3HP AC drives for dolly system & SS floating blades (Brand : siemens/L&T)

Price : Contact us for latest price.

PLASTIC SCRAP MIXTURE MACHINE

Technical Details:

Made up of MS 16mm Drum thickness, base 20mm. inner diameter 22" & height 27" with complete fabrication along with Bearing housing with 40 HP Motor.

Price : Contact us for latest price.

PLASTIC SCRAP GRINDING MACHINE

Technical Details:

Made of MS Material with Heavy Housing System with 21" Blade size with 6 Blades with 40 HP Motor

Price : Contact us for latest price.

TERMS & CONDITIONS

- 1. PAYMENT CONDITIONS :** a) 50% Advance
b) 50% at the time of Delivery
- 2. DELIVERY PERIOD :**
Complete Plant - 45 days after 50% amount
Plastic Dryer Machine - 15 days after 50% amount
- 3. Transport and Fright Charge by the party.**
- 4. Installation Charges 5000/day for skilled fitter.**
- 5. Accommodation + Labour Transportation + Return flight ticket owns by the party.**
